Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

As a user of high-precision GPS, I oppose LightSquared's request (which ignores the recent independent test results) to affirm its license and its request to go forward with its plan. LightSquared should not be allowed to go forward until it is shown that their plan will not interfere with high-precision GPS. Not only the surveying industry will be harmed, but so will the hundreds of thousands of people who use the data surveyors produce.

Thank you for hearing me on this important mater.
